

F Brazil Reinforcements Ltd Environmental Policy

F Brazil Reinforcements Ltd Top Management has defined the organisation's environmental policy, which is realised through the statements and procedures referenced in this environmental policy manual.

The environmental policy ensures that the documentation is appropriate to the nature, scale and environmental impacts of our activities, products and services and includes a commitment to continuous improvement and the prevention of pollution.

It is F Brazil Reinforcements policy to manage our business in the most environmental responsible manner and to comply with the applicable environmental legislations and with any other requirements necessary, in relation to the environmental aspects of our business.

We shall assess and consider the environmental impact of all our activities at planned intervals and use the environmental management system to provide a framework for the setting and reviewing of environmental objectives and targets, to help support our continuous improvement.

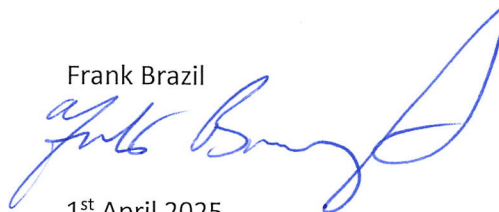

This policy is documented, implemented, maintained and communicated to all employees and sub-contractors working on behalf of F Brazil Reinforcements through regular training of our environmental responsibilities.

To ensure firm and public awareness of this policy, it will be displayed in a prominent position within the organisation and on the company web site which is accessible by the public.
